## Recruit Reels Video Services

Recruit Reels allows you to market your athletic skills to college coaches, recruiters, and scouts through professional methods used by TV sports networks. We know how to package your highlights to make you stand out from all the other athletes vying for scholarships. We offer convenience, competitive pricing, quick turnaround, and superior quality.

### Why Recruit Reels

We know what college recruiters desire to see in a recruiting video. They want to see the prospect's skill set on display, verified statistics, and hear the prospect speak since they will be a representative of their college, university, or organization. Recruit Reels provides:

- Isolation footage of the subject focusing on their athleticism during a game with effects for identification and emphasis
- Workout/training footage showing specific skills
- Interview covering the prospect's goals, career highlights, hobbies, and interests
- Statistics including GPA, ACT/SAT scores verified by coaches and guidance counselors

### Process

We only use professional equipment, proven techniques, and listen to what recruiters need. Your video will provide college recruiters with the total profile of what you have to offer. Here's how it works:

- Provide video footage and/or have us shoot it for you
- Enter your vital data for your biography and sport in our simple online form
- You choose the video clips, music, and graphics you want for your video
- Review the "roughcut" online for accuracy
- Upon final approval, DVD's will be burned, packaged, and mailed according to your request
- Your video will be posted on our web site for at least 90 days

### Pricing

Base Package: \$299 (5-7 minute maximum)

- Footage provided by client (VHS, Mini-DV, DV Cam, DVD, Video CD)
- Choice of music, font style, and packaging from our online library
- Includes slow motion, spot shadowing, and replay effects
